## ELEYO MAKES COLLECTING PAYMENTS EASY

With Eleyo's auto-pay feature, family accounts can be automatically charged the morning of the due date. Payments are collected on time, every time.

### WHY CUSTOMERS LOVE AUTO-PAY

- When an auto-payment is declined, families are notified automatically with a link to update their payment method
- Email alerts can be sent to parents letting them know that a new invoice is ready
- Families can manage the method of auto-payment within the family portal
- Instead of hunting down parents for payment, your site staff's attention is on the children, programming, and building family connections.
