

THE eleyo STORY

Many school districts struggle with the administrative details of before and after school programs.

They struggle to manage child registration, billing and reporting. And the only computer programs that support this are inefficient. These outdated programs require staff to confront parents for late fees and manually enter data and cash checks.

We knew there was a better, more efficient way to do this. As a result, Eleyo was born. Now, it's the cutting-edge software for school districts across the country.

Eleyo makes life easier for school districts and families. We do this with innovative, user-friendly software. Our software allows users to spend less time on administrative duties and more time inspiring our youth! Access our software anywhere, anytime to easily:

- Collect registration and payment
- Provide flexible scheduling
- Report child attendance
- Manage approved pick-ups
- Automated late pickup fees

Spend less time on administrative work and more time with our youth. Learn how to get your district started at eleyo.com.
